

FUNC FLATSCREEN WL F

Need a simple solution?

The Func Flatscreen WL F is a simple yet safe way to hang your lighter screen up on the wall. It is recommended for screens up to 15 kg. This is a smart solution that keeps your lighter screen close to the wall and also makes it removable. The Func Flatscreen WL F has vesa standard 75x75/100x100/200x100, this makes it possible to move the screen to many of our other brackets. (For example the Func Flatscreen WL ST).
