

FUNC FLATSCREEN WL ST

UPDATED!

Simple yet functional.

The Func Flatscreen WL ST is a safe and functional way to hang your lighter screen (up to 15 kg) on to the wall. It can make your screen swivel and tilt and the Func Flatscreen WL ST also makes your screen removable. Func Flatscreen WL ST has vesa standard 75x75/100x100/200x100, this makes it possible to move the screen to many of our other brackets (for example the Func Flatscreen WL F).
